

REQUIREMENTS

ALTERNATIVE PATH

HOPE ACADEMY OF WEST MICHIGAN

No Cost for students or families

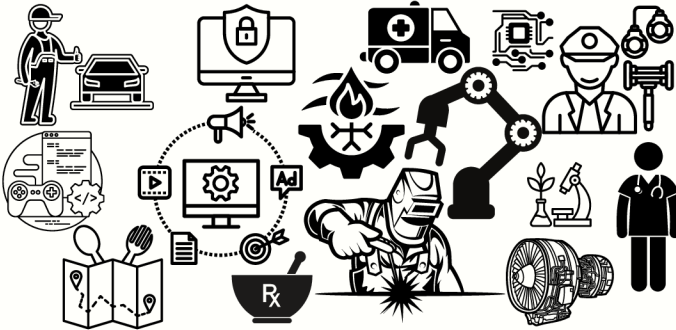

2.5 GPA required

WIDA Language Proficiency Required

No FAFSA or Financial documentation

Students who do not wish to enroll in the Early Middle college may instead elect to attend Kent Career Technical Center.

Their course offerings focus on career exploration, career preparation, and continuing education in almost 30 different programs. Completion of programs can result in industry certifications, internships, and college credit opportunities

While classes are not held on-site at Hope Academy of West Michigan, transportation to and from KCTC is provided at no-cost to students or families.

CAREER PATHWAYS PROGRAM

Graduate with a High School Diploma and Associate Degree or College Credits.

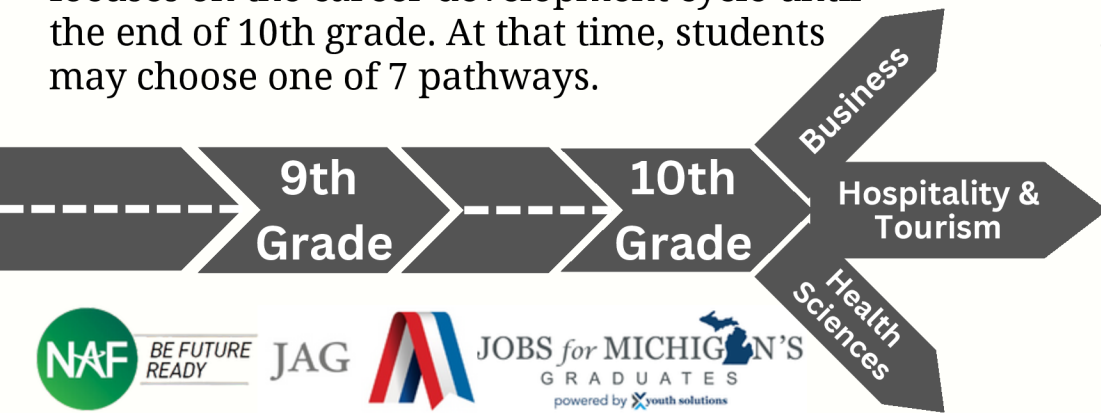

Kent Career Tech Center
a program of Kent ISD

A SAFE PLACE FOR STUDENTS TO GROW AND ACHIEVE ACADEMIC SUCCESS.

Hope Academy of West Michigan offers a robust Career Pathway program designed to prepare students for success after graduation. By partnering with various Programs and Universities, students graduate with a High School Diploma and an Associate degree or college credits.

High School students follow a braided curriculum of NAF, JAG, and JMG which focuses on the career development cycle until the end of 10th grade. At that time, students may choose one of 7 pathways.

Starting in their 11th year, students begin completing coursework for the selected Pathway. All classes, except KCTC, are held on-site at Hope Academy of West Michigan.

Students who start the program but do not successfully complete the practicum will receive a certificate instead of Associates Degree.

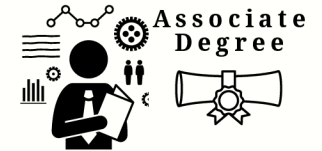

Operations & Supply Chain Management

Operations and Supply Chain Management is a broad area covering manufacturing/service industries, involving sourcing, materials, management, operations planning, distribution, logistics, retail, demand forecasting, order fulfillment, and more.

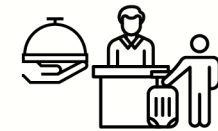

Business Administration

Business administration, or business management, is the administration of a commercial enterprise. It includes all aspects of overseeing and supervising the business operations of an organization.

Academy of Hospitality and Tourism

Learners take a brief look at the industry's history to understand the forces that have shaped it and the degree to which it has changed in the past century. They learn about traveler motivation and consumer needs and how these factors affect current lodging, transportation, food and beverage, and entertainment sectors. Learners consider the economic and environmental impacts of the industry on the world today and receive exposure to a wide array of domestic and international travel. Finally, they learn the basics of selling and marketing in tourism.

Dental Hygienist

A Dental Hygienist is a skilled medical professional who performs various duties under the supervision of a Dentist to help patients achieve and maintain good oral health.

Diagnostic Medical Sonography

Diagnostic medical sonographers specialize in creating images, sonograms or ultrasounds, that depict the body's organs and tissues.

Medical Assisting

Medical assistants perform administrative and clinical duties such as maintaining patient records, preparing patients and rooms for examination, assisting with exams, and front-desk tasks.
